

# SLEEPING CARS WERE CAUSE OF DEATH OF G.T.P.

## Five Men Killed and Two Injured Near Ferry Sound When Engine Jumped Track

### ONE OF BODIES STILL ENTANGLED IN WRECKAGE

#### Leading Locomotive Turned Completely Around and Cars File on Top

By Bulletin Leased Wire.  
Ottawa, July 31.—The dead: Percy Maxwell, engineer of Depot Harrow, brother of Mr. A. A. Crawley; 17-year-old son of this city, slightly injured; W. Leckie, trainman of Depot Harrow, seriously injured.

Two cows sleeping on the Grand Trunk main line of the Ottawa and St. Lawrence, at mileage 244, from Ottawa, and about twelve miles from Ferry Sound this morning, at 10:15 a.m., caused the derailment of a Grand Trunk train, resulting in the death of five men and injuries to two others. At a late hour this evening all but one of the bodies had been recovered. The bodies were entangled under the wreckage of the front engine.

**Wrecking Crews at Work.**  
An inquest will be held, but tonight the body of the dead engineer was taken away when it would be called. Wrecking crews were working on the wreck all night in an effort to get the track and allow traffic to pass.

The story of the crash gives as its primary cause two cows which were sleeping on the track. The train was being drawn by two locomotives, a light one in charge of Engineer P. Maxwell and a "chug" in charge of Percy Crawley. On each engine rode four men, two of them, Engineer and Maxwell, being student drivers, were making their first run. The train was a fast freight, carrying a load of coal for quick delivery at the station, and was making good time.

**Engine Turns From Track.**  
When the first engine struck the cow, the locomotive was completely around and the cow piled on top of it in the bog, which completely blocked the track at the point. Engineer Crawley was thrown clear of the cab and in the confusion, Percy Maxwell, a freeman, was also thrown clear of the wreck and escaped with minor injuries. William Leckie, French Canadian, was seriously injured and was in the hospital. Percy Maxwell, where he was tonight reported to be doing well. Percy Maxwell, of Depot Harrow, in charge of the leading locomotive, was thrown into some brush a considerable distance away and was killed. The other three men, a son of the engineer, were killed. Percy Maxwell, of Depot Harrow, in charge of the leading locomotive, was thrown into some brush a considerable distance away and was killed. The other three men, a son of the engineer, were killed.

**WORLD'S NEWS IN BRIEF**  
**CANADIAN.**  
**Danger From Fire.**—A dozen rooms in apartments over the Ave. Cafe, 131 Pender street east, were destroyed by fire this morning when a fire broke out which did \$15,000 damage to the building.

**Run Down by Train.**  
A man, July 31.—Jacob Galbraith was killed by a train at the crossing near the main line of the C.P.R. east of here today when he was run down by a westbound freight train. He is fatally injured.

**Killed by Piece of Rock.**  
Port William, July 31.—With his hands and feet of his life fractured, a man, who was killed by a piece of rock fell on him in a quarry, P. Kato died in the hospital. He had been hammering rock.

**English Cadets at Ottawa.**  
Ottawa, July 31.—The visiting English cadets are expected here today. They will be in the city for a week, training on the Lockfield range.

**UNITED STATES.**  
**Many Deaths.**—Fourteen deaths attributed to the excessive heat were reported to the health board today. Of the victims, ten were young children. The maximum temperature was 98 degrees at 2 p.m.

**MONTREAL.**  
Montreal, July 31.—The Canadian bank clearances for the month of July 1913, as compared with the corresponding month of 1912, were: July, 1913, July, 1912, Montreal, \$1,452,450, \$1,452,450; Winnipeg, \$1,226,247, \$1,226,247; Vancouver, \$1,411,479, \$1,411,479; Toronto, \$1,712,528, \$1,712,528; Edmonton, \$1,480,093, \$1,480,093; Ottawa, \$1,480,093, \$1,480,093; Victoria, \$1,480,093, \$1,480,093; Hamilton, \$1,480,093, \$1,480,093; # **HON. A. G. MACKAY'S ELECTION IN ATHABASCA FINE PERSONAL TRIUMPH—WOODS LOST DEPOSIT**

Every Prominent Conservative Speaker in the Province Invaded Riding in Interests of Conservative Candidate—R. B. Bennett Gave Support of Dominion Government—MacKay Won in Every Poll.

When the polls at Fort McMurray and Fort Vermilion have been heard from, the Hon. A. G. Mackay, the member-elect for Athabasca, will have a majority over Mayor Woods, the defeated Conservative candidate, of about 300 votes. There were twelve polls in the riding and the ten that have been heard from give Mr. Mackay a majority of 143 votes. In every poll Mr. Mackay has a majority, and the majorities range from 1 to 47. The two largest majorities cast for Mr. Mackay were in the town of Athabasca, which were claimed by the Conservatives to be Mr. Woods' strongholds. Poll No. 9, in the town, gave Mr. Mackay a majority of 47 and poll No. 10, also in the Landing, gave a majority of 28 for the Liberal candidate.

**Woods Loses Deposit.**  
Two polls heard from yesterday were No. 2, which gave a Liberal majority of one vote, and No. 5, which gave a Liberal majority of 12. Mayor Woods has lost so badly that he will forfeit his deposit.

After the results had come in to Landing Wednesday night making Mr. Mackay's election certain, a meeting was held at the Liberal committee rooms and which was addressed to Hon. A. G. Mackay, Hon. Duncan Marshall, Hon. Charles W. Cross, Hon. Charles Stewart, P. J. Ross, J. P. Ross, and A. N. Mount, who contested Picher Creek in the Liberal interest at the recent general election. The speakers were given a great reception, and the victorious candidate was greeted with round after round of cheering.

**Hard Fought Battle.**  
The Hon. A. G. Mackay returned to

## **FAMOUS ALMANAC PREDICTS SERIES OF DISASTERS IN 1914**

"Old Moore," England's Licensed Prophet, Has Ominous Forecast for Next Year

London, July 31—The year 1914 is to be a great year for British sufferings, the majority of whom will set the vote next spring, according to "Old Moore," England's only licensed prophet. The famous "Almanac," which came out today, has, however, little comfort for other folk for the prophet gloomily predicts disasters galore—moving pictures, the burning of a government building, mining explosions, earthquakes, volcanic eruptions, railway wrecks, bank failures and other equally disastrous events.

England is to have a nationwide strike, according to "Old Moore," a death in the royal family and an attempted assassination of a cabinet minister.

Turkey is to be spangled off the map of Europe altogether. China will have another bloody revolution and there is to be massacre due in Asia Minor, while war between Germany and France will be only narrowly avoided.

Lovers may take comfort from the prediction that September 8 to 12 will be particularly favorable for affairs of the heart.

All proposals made on these days will be accepted and marriages effected on them will be of the happiest.

## **MONTREAL LABORERS PAID FOR THEIR JOBS**

Foreman Arrested on Charge of False Pretences Had Deposited \$5,000 Bank During Month and Had \$75 in Cash in His Pocket.

Montreal, July 31—Pietro Celli, a foreman employed by the city was placed under arrest late yesterday afternoon on a warrant technically charging him with obtaining money under false pretences. The arrest is the outcome of a wholesale charge of graft among city workmen, intention being made that city laborers were compelled to pay for their jobs.

Celli was taken to police headquarters and searched. A bank book showing deposits during the present month of \$1,000 were found on him, as well as \$75 in cash. Notwithstanding his protest, he was locked in the cells where he will be compelled to remain until he is arraigned this morning. Other arrests are likely to follow.

## **MILLER HAWK WINS STAMPEDE \$1,000 RACE**

Hawk Traversed 1,728 Miles from Kansas City to Winnipeg in 31 Days 2 Hours, 28 Minutes

Winnipeg, July 31—Miller Hawk, late owner of the Fort Ranch, near Texas, arrived in Winnipeg yesterday, winning the Manitoba Stomper race from Kansas City to Winnipeg. Hawk made the 1,728 miles overland in 31 days, 2 hours and 28 minutes.

**Hon. John Macpherson Dies.**

Quebec, July 28—Hon. John Macpherson, senior member of the firm of timber merchants of W. & J. Macpherson, died this afternoon after an illness of some years.

## **NO ONE INJURED IN WRECK IN RED DEER**

C.P.R. Train Derailed Entering Yard at Red Deer—Passenger Coach Turned Over Side—Trucks Not Cleared For 12 Hours

The south-bound C.P.R. train, leaving Edmonton, at 2 o'clock Wednesday afternoon and due to arrive at Red Deer at 6:30 p.m., was derailed just as it was entering the yard at Red Deer. The engine, the mail and baggage coaches and one passenger coach left the rails. The engine remained upright, but the coaches which left the rails were overturned. The train was travelling at a slow rate at the time and this is usually accounted for the fact that no one was hurt. A wrecking crew was at once set to work, but it was five o'clock in the morning before the tracks were cleared.

Passengers coming north on the train leaving Calgary Wednesday afternoon were delayed several hours and arrived in Edmonton at 4:30 this morning.

The accident is attributed to a flattened flange on the engine wheel.

## **HIGH PRICED HORSE AMONGST ALSO RANS**

by J. B. Jord, Odds on Favorite, the highest priced horse in Great Britain, was recently beaten by Outsider.

London, July 31—The following are the results of today's races at "Gloucester Goodwood": The Prince of Wales's Stakes, a handicap of 200 pounds each for two-year-olds, distance six furlongs was won by his Majesty's chestnut colt, Brakassar, by four lengths from the favorite at 5 to 1. Lord Rosebery's Stomper was second 5 to 1 and F. J. King's Stomper third 5 to 1.

The Goodwood Cup, 740 pounds, distance 2 miles 5 furlongs, was won by Red July, 100 to 1. Mr. Fair's Aleppo, was second 20 to 1; and Melrose was third 100 to 1.

The heavily backed odds on Favorite, the highest priced horse in Great Britain, 2 to 1, was Prince of Wales, who was beaten by Outsider, the favorite at 5 to 1. Lord Rosebery's Stomper was second 5 to 1 and F. J. King's Stomper third 5 to 1.

By using the oxyacetylene torch in building wreath concrete is used and the heat of the sun.

## **HEAVY DAMAGE BY STORM IN WISCONSIN**

Barns and Homes Struck by Lightning and Live Stock and Grain Destroyed.

Lacrosse, Wis. July 31—An electrical storm early today did heavy damage in the farm lands of the western Wisconsin and southern Minnesota near here. Barns and houses were struck by lightning and much stock was destroyed. Wire are down in several directions, making difficult message. Railroads here are operating under difficulties and trains are running behind time on account of the weakened track.

## **WILL MAKE DEFENDANTS OF KRUPP DIRECTORS**

Berlin, July 31—Several of the morning newspapers here announce that four directors of the Krupp Co. among them the president of the board, have been made defendants with the officers of the Prussian war office, who were arrested some time ago, and held for trial on a charge of preparing plans for the Russian passenger station and shed at Halifax.

## **\$1,000,000 STATION FOR I. C. R. AT HALIFAX**

Work on Ocean Terminals Commenced This Morning—Hos & McDonald, Architects.

Halifax, N. S., July 31—Work began today on the fairview end of the Halifax Ocean Terminal of the I. C. R. This morning, General Manager Gustave of the I. C. R. stated his evening that the architect for the Halifax Ocean Terminal had been appointed. They are Hos & McDonald, of Montreal. Their work will be to prepare the plans for the \$1,000,000 passenger station and shed at Halifax.

## **DIFFICULTIES AND TRAINS ARE RUNNING BEHIND TIME ON ACCOUNT OF THE WEAKENED TRACK.**

Mr. Guellette also stated that H. C. Campbell, superintendent of the New Glasgow Sydney division of the I.C.R. had been appointed chief agent of the I. C. R. for the district from New Glasgow to Sydney.

**To Study I.C.R.W. Methods.**  
Boston, Mass., July 31—To study the methods of the Industrial Workers of the World Thomas Mann, who led the great strike in that country last year, arrived in Boston on the steamship Franconia, yesterday.

## **NATIVES OF INDIA WISH FOR ADMISSION**

Five Men, One Woman and Two Children Arrived From Orient By Nippon Steamer.

Victoria, B.C., July 30—When the Nippon liner Boko Maru arrived from the Orient this afternoon the immigration officials were confronted with an odd problem. Five men, one woman and two children, natives of India, wished to enter this country. Four of the men are returning, but the others are new-comers. The authorities have not yet decided as to whether the latter will be admitted to Canada or will be deported.

## AROUND THE CITY

J. H. Giesendorf, M.P.P. for Nunton, was in the city yesterday.

The Canadian Pacific R.M.S. Empress of Britain is reported by wireless of little late and is due in Quebec Thursday. Western passengers are due in Winnipeg Sunday.

The reading of the examination papers of Grades VIII to XII has been completed and the results will be made known in the course of the next few days.

A C. P. R. Telegraph messenger reports that yesterday at 11:45 a.m. a sub-bicycle was stolen from him while delivering a message. The police have been notified.

The Royal Edward will arrive at Quebec Saturday morning, at Montreal Saturday night, and Edmonton passengers are due here Wednesday or Thursday.

An accident of a minor nature occurred at the Pavilion building today, when a tinsmith carpenter, who was using a block saw had the index finger of his left hand cut off. The patient was taken to the General Hospital for treatment.

Applications for tickets of courtesy in the cases of the Gen. Portia, and Monarch theatres against their conduct at the city centre, on the charge of breaking the Lord's Day Act, were made by the Lord's Day Act Supreme Court yesterday morning and were adjourned to Saturday morning.

### SIGN PAINTER INJURED.

Alfred McLeod, of the Hook Sign Company, was injured yesterday when a steel beam, used in erecting on the roof of buildings to support a platform for the painters, fell on his back, falling and striking him on the back, while working at the Ten West Fair, 435 First Street. He was taken home.

### MIL H. S. HELPH RESIGNS.

Mr. H. S. Helph is resigning his position of public prosecutor in the city police court and will from this date merely prosecute in cases involving the city by-laws. During the period he has held this post, Mr. Helph has discharged his duties efficiently and his resignation is regretted. His successor is not yet named.

### INDIANA FARMER COMING.

B. S. Dolry, a farmer, whose address is Akron, Fulton County, Indiana, has written to Mayor Short telling him that he intends coming to live in the Edmonton district. He has a large and thriving family, and he would like to get in touch with some live farmer who employs a number of men.

### VEGETARIAN FOR NATURAL GAS.

Dr. L. Hunter, the physician, an expert, now engaged in making an examination of Northern Alberta with a view to ascertaining the best possible fields for natural gas, spent last week in the neighborhood of Vegreville. He returned to the city yesterday and left in the afternoon for Wetaskiwin. Mr. Hunter was very favorably impressed with the possibilities of the Vegreville district, and he expects he will have considerable to say about this field in his report.

### IN THE POLICE COURT.

Emma Fletcher, charged with attending to a contract suicide, was committed for trial at the city police court yesterday, but \$100 being allowed.

Arthur Butler, charged with theft, was sent to prison for two months and hard labor.

James Thompson, charged with illegal sale of liquor, was committed to jail August 1.

David Wenck, charged with assault, was committed for trial.

### EDMONTON CANOE CLUB.

At the meeting of the Edmonton Canoe Club held in the Victoria Block First St., Wednesday night, officers elected were: Alderman Braswell, president; H. Trickey, vice-president; W. C. Leverman, secretary-treasurer. The next meeting will be held at 8:15 p.m. August 6th at 101 and 402 Mower-Hyder Block.

### THE PRODUCE MARKET.

There was a large number of rice on market yesterday, but trade could hardly be called brisk. Butter and eggs were sold with respectability and spring chickens changed hands in bunches, while fowl brought from 38c to 41c, and ducklings about \$1.20. Ducklings were sold at 2 for 10c.

### CANOEIST'S NARROW ESCAPE.

Great excitement was caused at Cowling Lake on Monday afternoon when it became known that a canoeist had passed. It appears that a young Englishman, who is in the habit of spending the week-end in camp, having learned of the pleasure of canoeing, ventured out by himself in the fall craft for a sail.

Scarcely had he set "under way" than a sharp squall hit him, his canoe being precipitated into the cool waters of the lake.

A cry of help immediately rang out from the hundreds of excursionists who lined the shores, and soon motor boats, dinghies, row boats and canoes were making for the scene of the disaster only to find that their services were not required.

The unfortunate young gentleman being an expert swimmer, appeared

quite at home in his predicament, for he immediately flung the canoe, and after collecting the paddles, cushions, sails, etc., swam for the shore with the canoe in tow.

On landing at the pier he received a great ovation from the excited crowd which had now swelled to thousands, and many willing helpers soon assisted him and his paraplegic to land. After a change of clothes the young man appeared none the worse for his sudden immersion.

It might here be mentioned that canoe sailing has become very popular at the lake this summer, with a fleet of canoes in the evidence each week and rumor has it that a regatta is to be inaugurated before the season closes.

### BLUE NOSES HOLD PICNIC.

About three hundred former residents of the Maritime provinces but now resident in Alberta attended a reunion and picnic in the beautiful grounds of Wapiti Park, Red Deer, Wednesday.

A special train brought H. H. Nease from Calgary and the south and a large number went down on the regular train from Edmonton.

The picnic was held at the depot by the Citizens' fund and the local militia members and occurred in automobiles to the fair grounds where refreshments were provided. After the picnic in the evidence each week and rumor has it that a regatta is to be inaugurated before the season closes.

### NO NEW WALK ON EAST JASPER.

City Engineer Latourne has reported that there is no authorization for a new sidewalk on East Jasper street, and that the present wooden sidewalk will have to do for a year longer. Reed & Robinson applied a week ago for a cement sidewalk.

### Cost of Fixing Roadway.

In response to a query from residents, Street Superintendent Alton has reported to the city commissioners that it will take about \$200 to put Connaught Driveway in good condition.

### May Use Steamers.

Permission has been granted by the commissioners to the Directors of the Empire to stretch a steamer across Fifth street, south of Jasper avenue, to deliver a cargo of lumber for giving on August 9th, in aid of the city water works.

### Good Work at City Farm.

Superintendent Lyons of the city farm, has reported that during the present month 31 men have been transferred to the farm. This makes a total of 101 men received at the farm since it was opened some four months ago. At present Mr. Lyons has the majority of the men very busy in gardening operations. Some are engaged in straightening the roadway on the farm from the main entrance. At the entrance a gateway has been constructed out of collected lumber brought from the river. This, he states, greatly improves the appearance of the entrance to the farm. A granary is to be built shortly, and it is expected that all the men are doing good day's work, and that in the majority of instances their conduct has been good.

### Practically every day's laborer

for which provision has been made in the new civic block, is in the course of its completion, with the single exception of the electric light department. City Treasurer Barnhart and his staff moved in Tuesday and on Wednesday City Assessor Walker and his department were occupying their section on the ground floor of the building. It is expected the electric light department will move this week.

According to City Architect Jeffery the civic block is now about 98 per cent completed. There still remains some small finishing touches, but on such as the placing of some of the furniture, the painting up of painting work and the patching up of the plastering. The elevator has been started, and some work is being done on the roof.

The city architect also has reported that the electric light department will move this week.

The general work on the stock platform at the exhibition grounds is now ninety per cent completed. The wood end and south side civic stables have been excavated and the footings placed, but the work is being held up to await the decision of the special committee as to whether these works will be proceeded with this year.

The new substation is now completed ready for the installation of the station machinery. The brick work on the new substation is now completed.

A great number of other civic works are still in the plan stage owing largely to the fact that these plans are before council committees waiting for their final approval.

### Calgary Man Attempts Suicide.

Calgary, July 26.—Following an attempt to commit suicide, Joseph Marden is in the hospital, although only a slight chance of recovery.

### DONALDSON LINE

Just What You Want  
Low rates, good service, up-to-date steamers. The Donaldson Line, offering all three, is now open for cabin and third class. Passengers carried to or from Europe. Don't miss a better service and rates. Any Steamship or Railway agent can fill you.

H. E. LIDMAN, General Agent  
340 MAIN STREET, WINNIPEG  
Phone 34-3312 MAN

### Subway Activity.

Ex-Alderman Joseph A. Clarke has been to Winnipeg some weeks ago in the effort of getting some action in the construction of a subway and first street under the C.N.R. and G.P.T. tracks, and the separation of grades of these two railways with first street. In answer to his letter to the Railway Commission, the secretary of the board outlines the situation today as follows:

"I am directed to say that, although not on the list, this question was brought up by the chairman at the board's sitting in Edmonton on May 27th last; that, although a plan had been furnished by the railway to the city authorities, it was unaccompanied by a proper profile, which would enable the city's representatives to make a proper study of the whole situation. The railway company was directed to forward the profile without delay. The city representatives and the railway's engineers are considering together the whole question, and that the board's action will proceed to Edmonton to assist in the consideration of the plans H. and W. required."

As the profile submitted by the railway is in the hands of the city engineer for some little time, the city commissioners have instructed him to report on the practicability of the profile and to state when he will be ready to have the engineer of the Board of Railway Commissioners come to this city to assist in the consideration of the plans.

## TWO SENATORS OPPOSE NEW U.S. TARIFF BILL

North Dakota Secures Farmers of the State Will Oppose the Measure Object to Free-trade in 1914 Closes.

Washington, July 31.—Characterizing the Democratic tariff bill as "a measure not framed on scientific principles of either free trade or protection, and declaring it will not benefit the farmer because it will injure if not destroy the wheat, Senator Thomas, Progressive Republican of North Dakota, attacked the measure in the tariff committee in a Senate today.

"The great industry of agriculture," he said, "is again the subject of an unjust onslaught and discrimination. I call your attention to the fact that in my state alone, where in 1912 we raised more than 14,000,000 bushels of wheat, with short crops in foreign countries, under the provisions of the bill our farmers would lose in a single year more than \$15,000,000.

Senator Thomas declared that in discriminating against the farmer the Democratic tariff bill would create a difficult position of having, two sets of people, inconsistent, with each other, and that the one set of people, the second might come to demand that and that now they are attempting to do both at the same time.

Democrat Senator Opposed.

Senator Thurston, Democrat of Louisiana, who will vote against the tariff bill because of free trade, declared today an impassioned denunciation of his party's determination to pass the free trade bill.

"I vote to the people of my state that I am for the Democratic party," he declared. "I am against the tariff bill which will destroy the wheat industry of my state."

## COPPER MINERS' STRIKE SITUATION UNCHANGED

Michigan's Governor Has Not Announced Next Move to Senate.

Saturday.

Chicago, Mich., July 31.—The announcement of Governor Perry not following the procedure in leaving today of the strike shows the future of the problem for a conference of operators and miners was awaited with interest here. Pending word from the state capital the strike situation remained the same. The union leaders expect the trouble to continue, saying that they have been promised by announcements that Governor Jones had accepted their invitation to come to the Copper country and make a tour there Tuesday, plans for the day's demonstration of welcome to the new strike leader were immediately begun.

ROUTE OF MACKENZIE EXPEDITION TO THE ARCTIC—Proposed route of the Mackenzie expedition to the Arctic, starting from Hudson Bay and heading north through the Northwest Territories to the Arctic Ocean.

## U.S. GUNBOAT FIRED ON BY CHINESE REBELS

Commander Prefers to Withdraw Rather Than Cause Unpleasant Incident—Revolution Believed to Have Been Completely Suppressed.

Hankow, July 31.—The United States gunboat Quaker, which went to Yeh Chow to investigate the recent revolt of the Chinese, was fired upon by Chinese rebels, but the commander, who was injured, being reluctant to engage in a combat, withdrew his vessel.

Preparations for Battle.

Sin Kiang, Kiang Si Province, China, July 31.—The northern army is preparing for a big battle in the vicinity of Sin Kiang, and all the troops available are being sent to the front.

Report Collapse of Revolt.

London, July 31.—A dispatch to the Times from Peking says: "News from the south intimates the collapse of the revolt in pouring into Peking."

Quiet Prevails at Shanghai.

Shanghai, July 31.—Every thing was quiet here today and there was no attack on the Wu Sangfong forces.

The recent fire in the native city caused great destruction. One hundred of houses, one hundred yards long, was completely destroyed.

## COSTS \$15,000,000 TO VALUE U.S. RAILROADS

This is Estimate of Interstate Commerce Commission of Cost of Making Physical Valuation of 250,000 Miles of Railroads.

Washington, July 31.—The physical valuation of the railroads of the United States by the Interstate Commerce Commission will take from five to seven years by a specially organized corps of men and will cost the government from \$15,000,000 to \$15,000,000, more, according to plans of the commission presented to the House appropriation committee today.

The commission has asked for an immediate appropriation of \$5,000,000 for the organization of the corps of engineers necessary to undertake the work.

Commissioners Clements and Henry and Secretary George H. Medley, of the commission, have told the House committee that the work will require a careful world-wide estimate of the cost of the work.

The plan presented by Mr. Medley contemplates the division of the country into five districts, containing approximately 250,000 miles of railroads.

Each district will be assigned to a corps of engineers, one hundred yards long, was completely destroyed.

London, July 31.—The Daily Telegraph's Shanghai correspondent says the Japanese naval contingent reported Chapin Wednesday without a fight. The correspondent adds that the general feeling in Shanghai is that the southerners will discontinue the revolution.

Quiet Prevails at Shanghai.

Shanghai, July 31.—Every thing was quiet here today and there was no attack on the Wu Sangfong forces.

LACROSSE

SASKATOON AND EDMONTON  
BATTLED TO A 4 TO 4 TIE

Exciting Game Ended in a Draw—Clayton Was Wobbly and in Hot Water Many Times—Hurley's Pocketbook is Touched—Excellent After Game

William Hurley, manager of the Saskatoon Quakers, did a very nice act last night when he invited Manager McDonald of the Edmonton Quakers to come over to the Saskatoon bench. Mr. Hurley's invitation was accompanied by some uncomplimentary language and the sore-tempted manager promptly accepted the dare. The crowd of 1500 people swarmed on the field in hopes of seeing one of the rough-house games which characterized the game in the early days of baseball. But Mr. Hurley turned a color which wasn't black, seemed to be in a state of mind about something and the incident was over.

McDonald in Hot Water  
The incident was characteristic of the whole game which ended a tie. A umpire McDonald was the one to umpire the game. The incident called forth a storm of protest from the players of both teams. They were arguments over everything under the sun and it is a wonder most of the players didn't have a fight with the umpire's paychecks. Hurley drew down the wrath of the umpire and he raised a new ball in the dirt and was accused first of foul play. Hurley and his players, particularly Clayton and Holmes, came in for continual "ragging" from the crowd. It was probably the closest and most nerve-racking contest seen in the local ball circle since the war.

First one team and then the other held the lead and the fans were as busy as bees for one minute when the home crew tied the score. They took the lead, but the visitors took the lead when the visitors took the lead a moment later.

Kelly Hopes Quakers  
The Quakers looked like the same old aggregation of clunkers when they are ahead. Kelly, the terror of the 1912 W. C. L. circuit, when he held them out for the Moose Jaw champions, was back yesterday in the same position. Kelly failed to do anything with the willow, but looks like a mighty useful man in the dugout. "Tubs" Mills is doing bench duty while Kelly works in the field. He has graduated as a full-fledged pitcher and may be seen here this week doing mound work.

Big Crowd For This Series  
The present series should be the biggest crowd of the season on Diamond Park. Between 1200 and 1500 people were seen at the game and very few fans who saw the game will be back today. With the Hurleys and Chickens fighting every inch of the turf, the local fans are in for a big treat today and tomorrow.

Clayton Was Lucky  
Clayton was fairly lucky to get away with his game. He was found for eight hits, walked three and hit a homer. He was in very tight holes on several occasions but when the fans were ready to condemn the game he was ready to come back. He was on the plate or the batter would be obliged to pop out.

Chickens' work was also far from being light. He allowed only five hits, but he passed six and hit a batter with the result that Edmonton hit almost as many men on bases as the Quakers. The Edmonton infield played snappy baseball and six men were caught out on bases.

McDonald Reverses Decision  
The lines failed to do anything until the sixth when they managed to tie the score. Moran walked, O'Brien hit to Holmes who threw to Clayton, but Moran beat the ball. Clayton's throw to first got O'Brien. Whisman tried to right field. Crickchanks beat the ball and Clayton and Moran had there about the same time. McDonald called Moran safe and then reversed his decision, causing a big kick. Whisman made second on the play. Both teams came through with the lineup but his double drove the third base line scoring Whisman.

March Close  
The Quakers apparently put the

CITY LEAGUE GAMES AT DIAMOND PARK

The city baseball leagues will be brought to a close this evening by the next two games. Games affecting the league standings in the three divisions will be played at Diamond Park as soon as the professional team leaves the city.

MOOSE JAW WON BOTH GAMES FROM CALGARY

Dickenson and Reese Were Both Foughted Hard by the Millers

Calgary, July 31.—The double header victory scored by Moose Jaw over the Calgary franchise yesterday made nine straight defeats for the hapless Calgary club.  
Moose Jaw drilled into its two out hit pitchers and each of them got more victory to his credit. In the afternoon Northern opposed Dickenson and in the evening Bob Steele was pitted against Reese with each of the hospital only a week away. Each of the four batters pitched a perfect game, and each had his strike out to his credit. Northern retiring his ten in the seventh in the evening game.

Print out in the grandstand and watched his team mates go down to defeat, he having been suspended by the club because of his sudden determination to leave Calgary two days ago and participate in a baseball tournament.

The Quakers looked like the same old aggregation of clunkers when they are ahead. Kelly, the terror of the 1912 W. C. L. circuit, when he held them out for the Moose Jaw champions, was back yesterday in the same position. Kelly failed to do anything with the willow, but looks like a mighty useful man in the dugout. "Tubs" Mills is doing bench duty while Kelly works in the field. He has graduated as a full-fledged pitcher and may be seen here this week doing mound work.

RULE BENTON IS OUT FOR THE SEASON

Cincinnati, July 31.—Tuba Benton, pitcher for the Cincinnati Reds, is slowly rallying from injuries which he sustained early Wednesday morning when his motorcycle had a head-on collision with a street car.

At the hospital today it was stated by his attending physician that he was still in a serious condition and would not be able to leave for more than a month, and he would not be able to participate in any more games this season, even though he recovered in time.

WABAMUS ANNUAL REGATTA TOMORROW

The annual Wabamus Regatta will be held Saturday, August 2nd, and promises to be one of the big sporting events of the season. The program will include motor boat, swimming, canoeing and rowing races.

FOOTBALL PLAYER HAS LEG BROKEN

By Bulletin Leased Wire.  
Winnipeg, July 31.—The Winnipeg Port William C.F.R. footballers showed signs of the wear and tear of a strenuous week's play and much travel, were somewhat lucky to secure a draw against Norwood Wanderers tonight. The game was marred by an accident to Walsh, the Norwood goalkeeper, who in contact with the keeper of Port William, had his right leg broken. Just about the ankle. The game was pretty throughout, the local having slightly the better of the exchanges. The defense of both sides was superior to the opposing attack. Ryder, for the C.F.R., played an effective game, his picture of the ball featuring the match. Jerry Davis, was well watched, and got little chance to shine, being subjected at the same time to complete starvation by his team mates.

WINNIPEG AND DETROIT LIKELY LOOKING CREWS

By Bulletin Leased Wire.  
St. Catharines, July 31.—The Canadian Henley course provided a scene this afternoon when nearly 6000 entered crews were out. The Argonauts were the last of the crews to reach the water. The senior eight found the betting decidedly against them when they arrived. The Detroit eight is counting upon Winnipeg as the crew to beat and vice versa.

The senior eight from the Michigan city reached the course this morning. They had a workout and are in fine form. Gardiner, the intermediate single sculler from Boston, arrived here today. The weather indications point to a calm, cool day, with cooler weather for the first day. The high, wooded bank will take care of any of the wind. The conditions for the first day's racing seem to be the best in the history of the regatta.

RADIALS F.C.

The following players are requested to meet at the top of McDonald street not later than 6.15 tonight to go to Strathcona exhibition grounds to play Strathcona in a senior league game. Smith, Baker (captain), Bowyer, Minnie, Lusk, McCurdy, Brown, McCaffrey, J. Hutton, A. Hutton, Matt White, reserves, Richardson and James.

Specials Today and Saturday

PARI-MUTUEL MACHINES IN USE AT REGINA

Edmonton's Ten "Iron Boulders" Have Been Loaned to Regina Association

At a meeting of the Exhibition Association yesterday afternoon the further decision of the directors was confirmed, and the pari-mutuel machines, which proved so popular and such a success at the recent Calgary exhibition, will be the medium through which the betting will be conducted in connection with the races at the summer exhibition here.

Manager Stark, recently purchased ten of these machines in New York City for the association. They are of a superior make, and are now being used at the Regina fair, to whom they were rented for their meet, and the manager of the Regina show views them as they are working without a hitch.

RAIN AT GRAND RAPIDS

By Bulletin Leased Wire.  
Grand Rapids, Mich., July 31.—Rain caused the postponement of today's grand circuit harness races. The program will be run tomorrow if possible and Friday's card has been put over until Saturday.

"GIVE me a B-Nat-CO for solid cigar comfort," says Mr. Worldly Wiseman. "You simply can't beat it as a sure-enough 'joy smoke.'" More and more the B-NAT-CO is winning favor as the "Business Man's Cigar."

It's full-flavored sweetness recommends it everywhere to men who like a full-bodied smoke but can't risk that heavy after-taste. The rich, mild sweetness of the B-NAT-CO will satisfy the keenest critic. It's sweetest and simply the natural sweetness of the choicest ripe Havens leaf—grown on our own plantations. You'll like to try them. Made in 50c packages and sizes to meet the individuality of each smoker. Ask your dealer—SURE—TODAY.

British North American Tobacco Company, Limited, Kelowna, B.C.

ATHLETICS THE RING LACROSSE

They were rented for their meet, and the manager of the Regina show views them as they are working without a hitch. Capable operators have been engaged from New York to install and operate these machines during the meet, and while the association will probably not receive the same monetary returns as a result of tomorrow's bookmakers, it is nevertheless a pace-worthy move on the part of the association, and indicates the upward trend of the standard of racing machinery in the west. It also marks another milestone in the progress of Edmonton association, as wherever the pari-mutuel machines have been used, it has been the invariable result that the standard of racing has been elevated, and many undesirable features and elements largely eliminated.

RAIN AT GRAND RAPIDS

OLD TWIRLERS BATTLE AT MEDICINE HAT

Hatters Broke Losing Streak, Defeating Regina Red Sox 4 to 3

By Bulletin Leased Wire.  
Medicine Hat, July 31.—The Hat's line was broken today when they defeated the Regina Red Sox by 4 to 3. In spite of it was a real good game, but in others it was just the reverse. It was the fastest game played here this season, taking one hour and 23 minutes. Mother Dunn and Nickle, the two old timers, were pitted against each other and it was a battle of brains more than of arms.

The Sox secured their three runs in the second, three gifts as in this season they did not find Dunn for a hit. Four errors on the part of the Hatters all coming in quick succession downed the three tallies and gave the visitors a 2 to 0 lead which they held until the sixth. In this inning a base on balls, error by Mackin, single by Harris and triple by Ladd gave the visitors three runs, all with one out down. The other hit was made by the first man up was of no use, he being caught stealing. In the seventh a single, stolen base, Mackin's second error and Dunn's double scored the winning run. The Hat had three other pitchers in the game playing in the field.

Score—R.H.E.  
Regina . . . 030,000,000—3 4 3  
Medicine Hat . . . 000,003,100—4 3 0  
Nickle and Baker; Dunn and Ladd.

CITY DAILY AWARDED GAME
